Garden Club news
We are all aware that the weather has played havoc on our Friday Garden Club so far this year. It has rained almost every Friday! But, there is still some produce in the garden and you are most welcome to help yourself and leave a suitable donation with Trish at the office. This money goes towards purchasing more seedlings, soil, fertilizer etc to keep our beautiful garden growing. The shade house is FINALLY almost relocated. So we can get seedlings happening for the various new gardens.
